

GM Network Unifies Purchasing of Selected Commodities

Tokyo, Japan - General Motors Corporation, Fuji Heavy Industries Limited (FHI), Isuzu Motors Limited and Suzuki Motor Corporation have unified their purchasing organizations for selected parts, components and services.

The four automakers have created the Alliance Purchasing Team (APT). The Tokyo-based organization consists of representatives from all four companies.

It will initially source a total of 12 products, including glass, generators, starters, flat steel, precious metals, substrates,
