Isuzu Consolidates Manufacturing Operations in Japan  
Relocation Plans be Executed  
(Relocating Kawasaki HD CV Operations to Fujisawa)

Tokyo, January 16, 2004 - Isuzu Motors Limited (TSE code: 7202) announced today that the Company will relocate the manufacturing operations of Kawasaki Plant in May 2004, in accordance with the consolidation plans announced last year. Isuzu revised original relocation plans because of the sharp increase in domestic heavy-duty truck demand and as well as growing export volume to China, etc.

1. Outline of Manufacturing Consolidation/Relocation Plans

Plant	Current Operation	To relocate operations to:	Schedule
Kawasaki	HD CV assembly	Fujisawa	May 2004
	4-ton transmission assembly		Completed in Dec '02
	HD transmission assembly	Tochigi	May 2004
	HD engine assembly		May 2004
Tochigi	4-ton trans-axle assembly	Fujisawa	Completed in Jan '03
	7 to 10-ton axle y
